

## The Graffiti Restoration Group Inc.

The Graffiti Restoration Group Inc. is privately owned and operated by a small group of fully experienced building service technicians with over 35 years experience in the commercial and industrial graffiti removal, contract cleaning and janitorial industries. Our workforce includes specialist in: building maintenance, janitorial services, graffiti and felt marker removal, vandalism and mobile high pressure washing.

The function of the company is to provide cleaning and building maintenance services to the many owners of buildings and business in a professional and efficient way, problem free. Clients who engage our services are assured the finest quality by the best trained and supervised professionals in the industry.

## Cleaning & Removal Procedure

Our Operations Manager is responsible for scheduling service to our customers, making sure that work crew technicians arrive at their appointed job sites on time and fully equipped to perform the necessary services.

The technicians arrive at the job site, do all necessary safety equipment, position the unit and employ outriggers in order to safely operate their equipment. They will set up pylons around the worksite to keep your customers and the general public safely away from operations. There will be one technician assigned at all times to ensure the safety of the public and that customers are not bothered or inconvenienced.

The Graffiti Restoration Group Inc. pledges to safely and efficiently clean and remove graffiti or other pollutants to your satisfaction with no disruptions to your business operations.
